Unfurnished Three Bedroom-A FLOATING OASIS - SKY AT CENTRAL PARK

This is a 3 bedroom sub-penthouse, ideally orientated to make the most of its north easterly aspect so you can enjoy the natural light whilst gazing out to Sydney's CBD skyline views and water views. Residents of Sky have access to the Sky Garden - a private playground for the exclusive use of Sky's residents and their guests.

Within its iconic design and luxurious amenities, Sky at One Central Park named Best Tall Building in the World establishes a new benchmark in urban living. You can move in right now which offers a kitchen featuring a floating island bench top with a monumental stone slab and organic timber design accentuating this apartment with a sophisticated warm colour palette. This stunning apartment offers undisrupted East views for two of the three bedrooms, grand finishes and fixtures with the use of natural and sustainable materials such as stone, marble and timber to support an organic ambience that flows from room to room.

Koichi Takada has crafted Sky's interiors, layering colour and texture onto Jean Nouvel's inspired architecture. Interiors are sculptured through the use of abundant natural light, expansive views and free-flowing spaces.

1 Carlton Street is the private street address of Sky at One Central Park, drawing a subtle line of distinction between residents of sky and those of One Central Park. A separate lobby, concierge desk and priority lift service complete the picture and other amenities and Chippendale lifestyle are at your doorstep.
