

Light-Filled Level Executive Residence with Open District Views

Positioned high on the 14th floor, this modern two-bedroom residence features an elongated floorplan wrapped in extensive floor-to-ceiling glass walls. The design establishes a bright and open core, centering around a tiled living and dining zone that captures wide-reaching district and urban vistas. This central social area flows directly onto a generous inset loggia, providing a private, weather-protected terrace ideal for alfresco dining or outdoor relaxation.

The layout offers excellent functional separation, positioning the bedrooms along the window line to ensure both spaces receive natural light. A contemporary kitchen lines the rear wall of the living zone, equipped with premium gas cooking, integrated cabinetry, and a sleek mirrored splashback. Accommodation consists of two well-proportioned bedrooms with built-in wardrobes, complemented by a large designer bathroom showcasing floor-to-ceiling tiling, mirrored storage cabinets, and a seamless walk-in shower. The property is complete with a discrete internal laundry space hidden adjacent to the main hallway.
